

About the Numismatic Association of Australia Inc

The Numismatic Association of Australia was founded in the early 1980s and incorporated in Victoria (A0024703Z) in 1992. It is the peak body for numismatics in Australia with seven sponsoring societies around Australia and New Zealand and a direct (individual) membership both national and international. The Association has four main functions:

- Promote the interests of numismatics in Australia. It brings together collectors, hobbyists and academic scholars in a shared love of anything to do with coins, banknotes, medals, tokens and numismatic paraphernalia.
- Biennial conference. This major event rotates through different States. Papers are presented by invited keynote speakers and others with sessions on ancient through to modern numismatics.
- Journal. The annual publication of the Association features a range of articles, approximately half on Australian and New Zealand topics, and the remainder from elsewhere, but especially on the ancient world. The journal has an esteemed editorial board and submissions are double-blind peer reviewed. It is published in hardcopy and online with open access and has a wide international readership. Every second year, it will be publishing a special edition on a specific topic.
- Website - <https://numismatics.org.au/>. This is the public forum of the Association hosting numismatic news, events, awards, conference details and the journal.

How you can help

- **Become a member**. If you are interested in numismatics in Australia and want to see it survive into the future and prosper, then support your national Association. It cannot function without members and you will be part of a community that shares your passion. The cost is only \$25 per year.
- **Be involved**. The Association runs on a voluntary basis. Anything you can do to help would be greatly appreciated and there is a range of roles and tasks.
- **Make a donation**. If you really want to help secure the future of numismatics in Australia, donate to the Association; small or large, every bit helps.
- **Support the advertisers**. The advertisers do their best to help us and in these precarious times, where would we be without them?
